The reason home ground meal is giving satisfaction to all who have tried it is corn is classified into four reductions, viz: Corn starch, corn flour, bolted meal, and bran. Corn starch and corn flour is the nutritious part of the grain which is extracted. Bolted meal is the flint part. Home ground meal you get it all and get it fresh. We make our own chops from best shelled corn in car lots. The advantage in freshness and purity is obvious without further comment.

Bring your corn and have it ground into chops or meal, and let me sell you feed stuff.

CONVENES AT BIRMINGHAM

In the Presence of an Immense Con-
course and Amid Great Enthusiasm
a Most Interesting Programme Was
First Day Carried Out.

Birmingham, June 9.—Amid great
enthusiasm and before 5,000 persons on
the lower floor and 2,000 at least, in
the galleries of the Birmingham Hip-
podrome auditorium, the eighteenth
annual reunion of the United Confed-
erate Veterans were called to order by
Major General George P. Harrison,
commanding the Alabama division of
the United Confederate Veterans, at
10 o'clock Tuesday.

The invocation was delivered by
Rev. Dr. J. William Jones, chaplain
general.

A children's chorus followed, 200
children accompanied by the reunion
band rendering southern airs while the
veterans cheered.

Every person assigned a part in the
opening programme was reported
present before the exercises began.
Major General Harrison was on the
stage surrounded by General W. L.
Cabell of Texas, General Clement Ev-
ans of Georgia, General Tyler and
other prominent officers, and by rep-
resentatives of local veterans, Sons
of Veterans, Daughters of the Con-
federacy, local citizens' committees
and the band and the children's cho-
rus.

The decorations in the hall were
inspiring, the whole scene presenting
a picture that will long be re-
membered by those who witnessed it.

The Sons of Veterans acted as ushers
in the big auditorium, and every
consideration was given to the veter-
ans. Special effort was made to as-
sign them to the best seats where they
can see and hear with the least dif-
ficulty.

The opening address was made by
Major General Harrison.

Governor Comer welcomed the veter-
ans and visitors on behalf of the
state of Alabama.

"Should Old Acquaintance Be For-
got?" was rendered by the Confed-
erate choir.

On behalf of Birmingham Mayor
Ward delivered a welcoming address.
A song was rendered by Miss Ad-
die Harrison.

An address of welcome on behalf of
the United Confederate Veterans was
delivered by Brigadier General J. W.
Bush.

Amid tremendous enthusiasm
"Dixie" was played by the band.

General Rufus N. Rhodes, on be-
half of the Sons of Veterans, delivered
an address of welcome.

The address of welcome on behalf
of the Alabama Daughters of the Con-
federacy was made by Mrs. Charles
G. Brown.

"Ise Gwine Back to Dixie," was ren-
dered by the Confederate choir.

The building was then formally
turned over to General Cabell by J. N.
Wilson, chairman of the local general
committee. General Cabell, on behalf
of the veterans, expressed their
thanks.

Because of heat and press of time,
it was announced before the reunion
opened the address of General Stephen
D. Lee would not be read at the
opening session. The speech was prepared
by the commanding officer before his
death. It was published and generally
circulated among the veterans.

When the children's chorus arose
and waved small Confederate flags,
singing "Maryland," and "Dixie,"
the cheering lasted several minutes.

SONS OF VETERANS.

Holding Their Yearly Gathering in a
Birmingham Theater.

Birmingham, June 9.—The annual
reunion of the Sons of Veterans be-
gan in the Gaiety theater with General
Apperson of Memphis, presiding. Wel-
coming exercises took place Tuesday
afternoon early.

The ninth annual convention of the
Confederate Southern Memorial asso-
ciation began in the city hall, and Sur-
geons to the Confederate Army be-
gan their convention in the commer-
cial club rooms.

A very large delegation is here from
Memphis working for the next reunion.
Atlanta has a number of councilmen
present with other citizens working for
the reunion, while Chattanooga has put
in a bid. Tennessee has the largest
state representation here save, per-
haps, Alabama.

Generals Evans of Georgia, Gordon
of Tennessee and Cabell of Texas are
mentioned for commander-in-chief.

Cortelyou For Vice President.

Washington, June 9.—Indications
telyou will be advanced by the Roose-
velt and Taft forces at Chicago as a
candidate for vice president. Secre-
tary Cortelyou himself naturally de-
clined to discuss the matter of his
candidacy for the sufficient reason his
native state has already in the field a
possible candidate for the place in the
person of Governor Hughes.

Guild's Name to Be Presented.

Washington, June 9.—It has been
determined by the friends of Governor
Curtis Guild of Massachusetts that his
name will be presented to the Chicago
convention as a candidate for vice
president.

Baby Expires in Agony.

Pecos, Tex., June 9.—The year old
baby of S. C. Douglass found a box
containing strychnine tablets and
swallowed twenty of them. After in-
tense suffering the little one expired.

GROCERS AND BUTCHERS.

Meet at Fort Worth In Eighth
Annual Convention.

Fort Worth, June 9.—The attend-
ance at the eighth annual convention of
the Texas Grocers and Butchers' as-
sociation was disappointing, less than
100 being present at the opening ses-
sion. Five hundred were expected.
San Antonio, Dallas and Houston have
the largest delegations.

Harry Palmer, vice president, called
the meeting to order, Mayor Harris
welcomed the delegates and Julian Ca-
pers of Dallas responded.

H. J. Adams made the address of
welcome on behalf of the local organ-
ization and W. H. Carnes of McKinney
responded.

Max Bergman presided at the busi-
ness session, making the annual ad-
dress and appointing committees.

Some delegations favor a merger
with the Retail Merchants' associa-
tion.

TRIPLETS CELEBRATE.

Sixty-Four Years They Have Been To-
gether on Joint Birthday.

Fou du Lac, Wis., June 9.—The fa-
mous Windrecker triplets, who have
held the record for some years as the
oldest in the world, celebrated Tues-
day what may be the last birthday
with all three of them present.

Fort sixty-four years these triplets—
Sidney Windrecker of Byron, and Mrs.
George M. Pier of Wausau—have been
together on their joint birthday. Syl-
vester Windrecker is ill of a malady
which may prove fatal before another
anniversary. The Windreckers were
born at Lowville, N. Y., June 9, 1844.

NEGRO SHOTS NEGRO.

White Man Held Up and Robbed and
Then Wounded.

Lawton, Okla., June 9.—J. O. Wil-
liams entered the camp of the firm
constructing the city's pipe line to the
mountains and shot another negro, a
workman.

A. C. Calhoun, a white man, was
held up by two negroes, robbed and
shot in a hip with a shotgun.

Every vagrant negro will be arrest-
ed and if unable to pay fine, placed at
work on the pipe line.

Driven Out by Fire.

Mount Vernon, N. Y., June 9.—Two
hundred and five guests of the Hotel
Gramatan at Bronxville, Westchester
county, were driven from their rooms
by a fire which broke out early Tues-
day in the left wing of the hotel. One-
third of the hotel, which stood on a
hill, was destroyed before the flames
were extinguished. There was no loss
of life. Property loss is estimated at
\$150,000.

Thousands Had to Leave.

Topeka, Kan., June 9.—About 7,000
persons have been driven from their
homes at North-Topeka by the flood
in the Kaw river. The major portion
found shelter at Topeka proper, where
the auditorium, school buildings and
private homes have been opened to
them. No loss of life is reported, but
there has been much property loss.

Twenty Injured by Derailment.

Buffalo, N. Y., June 9.—Train No.
4 on the Wabash railroad from De-
troit, was derailed at Stevensville,
Ont., Tuesday morning. Twenty per-
sons were injured, six of them being
brought to this city and placed in hos-
pitals. The others continued their
journey. The injured are all immi-
grants from Europe.

Bitten by Ferocious Dog.

Bonham, Tex., June 9.—Mrs. Car-
michael, living in the eastern part of
town, was terribly bitten by a fer-
ocious dog. The brute had been chained
up and was as fierce as a tiger. The
lady's arm and side were badly chewed
and lacerated. The dog was promptly
killed.

COLLAPSED AND CRIED.

Never Did Believe Board and Govern-
ment Would Save Him.

Chicago, June 9.—When the news
of the decision of the pardon board
and Governor Deneen was taken to
Billek he collapsed and cried bitterly.
"Well, if they are going to hang me,
let them go ahead," he said, drying his
eyes. "I am ready—I never did be-
lieve that they would do anything for
me. I've always been unlucky. I
don't care so much for myself, but I
do care for the sake of my wife and
children." All efforts to calm him
was of no avail.

The accusation against Billek was
that as the agent of a Mrs. Veral, who
afterward committed suicide, he mur-
dered the woman's husband, and four
of the Veral children. The alleged
motive was life insurance money. Ac-
cording to the prosecution the method
was the use of "medicine" prescribed
by the fortune teller. Largely through
the efforts of Father O'Callahan an
affidavit was recently made by one of
the principal witnesses against Bil-
lek, Jerrey Veral eighteen years old
and a survivor of the Veral family
that the testimony given against Bil-
lek by the affiant was wholly untrue.

not resume until the 15th.

BRYAN, TEXAS, JUNE 10, 1908.

President Roosevelt is going to hunt the wyandoodle and the wallopus in the wilds of the Dark Continent.

The best way to demonstrate that you are a public-spirited citizen is to build a sidewalk in front of your premises.

Mr. Rockefeller has an orange orchard of his own. The newspapers continue to supply him with more lemons than he wants.

Dr. Tyzzer declares that the kiss is deadly. Yet the apostle Paul admonished Christmas to greet one another with the kiss of charity.

Two bales of cotton were ginned in Bexar county last week, and it is ex-

pected that several hundred will be ginned in Southwest Texas before the end of June.

There are a few stagnant pools in the suburbs of Bryan that add nothing to the beauty of the landscape, nor the salubrity of the climate. They should be drained off or filled up.

The result of the Georgia primary election is generally accepted as unfavorable to the Prohibitionists, and a bill to repeal the prohibition statute will be one of the first introduced in the legislature when it meets.

The federal courts want the National Republican convention to give them a certificate of character. The very fact that they ask for such a thing shows that they are conscious that they are not what they ought to be.

The Texas Republic of last Saturday announces that the editor, Maj. Morse Harris, has lost his federal office, and that the Republic has lost a subscriber. Can it survive two such calamities?

A comparison of the laws of Texas with those of New York, Pennsylvania and the New England States will convince any candid man that there is nothing in the charge that restrictive legislation is keeping capital out of Texas.

During the last twelve months the donations to colleges and universities in the United States amount to \$23,127,762. This includes donations for building and equipment and for endowment. Illinois heads the list of States arranged in the order of their benefactions.

Recent acts of President Roosevelt have made the impression that he is planning to become the leader of his party in New York state, and that he may desire to go to the senate. A man of his restless ambition is not likely to be content with the otium cum dignitate which is generally expected of an ex-president.

The following statement was recently printed in an industrial magazine, says the Dallas News: "Two-thirds of the convicts in America's prisons are men without a trade or profession. The superintendent of a penal institution, after being asked how many of the prisoners had knowledge of a trade, answered: 'Absolutely none. If they had they never would have come here.'"

In its account of commencement exercises of the Sam Houston Normal, the Huntsville Post-Item says: "The death of President Pritchett, which but recently occurred, cast a shadow of sorrow upon every meeting. Our respect to his memory all of the programs were disarranged, for every number calculated to merriment and mirth was eliminated, the joint session of the literary societies which is always rendered on Saturday night was omitted entirely, and the hour for the Commencement Sermon, Sunday at 11 a. m., was given over to memorial services and the sermon was postponed until 8:30 p. m."

COMMENCEMENT DAY AT COLLEGE.

Largest Class in History of the Institution Graduated Yesterday—Forty-nine Members—Hal Moseley Awarded Degree.

The Commencement Day exercises of the A. and M. College, held yesterday morning at 10 o'clock, in the assembly hall, were brilliant in character and especially noteworthy from the fact that forty-nine men of the 1908 senior class were awarded diplomas, and the A. B. degree was conferred on Hal Moseley of Dallas, a member of the 1901 class, who passed that year in all his studies but one, and has since made up his deficiency, in addition to having done a great deal of practical work.

The star military feature of the morning was the crack exhibition drill by the Ross Volunteers, who appeared to splendid advantage in their spotless uniforms.

Dr. H. H. Harrington, president of the college, conducted the commencement exercises, and the splendid program was carried out in benefiting the excellent character of its numbers. The prelude by the college band was followed by the invocation by Dr. O. C. Charlton, president of the Texas Woman's College. Other musical numbers were two beautiful vocal solos by Mrs. J. Webb Howell, and a selection by the Glee Club, "God Be With You."

Hon. M. B. Davis, the veteran newspaper man of Waco, delivered the commencement address. Col. Davis is one of the remarkable characters of the state, a man of brilliant mental attainments, a gifted writer, and withal and old-time Southern gentleman it does one good to meet. He gave the young men before him a splendid practical talk on what the occasion meant or should mean to them, enlarging upon the opportunities before them for service and usefulness, and dwelling upon the import of the splendid industrial training given by this and other similar institutions, and its influence upon the future of the country.

Mr. T. J. Beasley delivered the valedictory address, and Dr. Harrington read the long list of honor students in the several departments. Next came the delivery of diplomas to the big class of graduates by President Leggett of the board of directors. Applause greeted each young man as his name was called, and he walked forward to receive the parchment emblem of that which he had striven so long to attain.

The exercises were beautiful in every particular and inspiring to the very large audience which filled the assembly hall.

The competitive company drill for the Howell flag was held yesterday afternoon, and with the grand graduation dress parade which followed, was witnessed by the largest crowd which has assembled for any of the military features. Following are the members of the graduating class:

Agricultural Course—C. A. Burmeister, Tilden; W. L. Heller, Buda; H. H. Jobson, Mesquite; R. B. Neal, Leonard; J. R. Lauderdale, Lampasas; E. R. Robinson, Trenton; A. J. Smith, Branchville.

Six hundred and fifty prisoners in the jail at Chicago, many of them hardened criminals, were awed into reverent silence by the prayer of a little girl. In company with her mother, and three other children, she was visiting her father, who is under sentence of death. Kneeling by him she said: "O God, please save my papa." In a moment coarse talk and laughter were hushed and all felt that they were in the presence of the living God.

BOARD GRANTED INVESTIGATION.

Committee of the Alumni and Ex-Students Was So Advised Yesterday Morning—Investigation Now On.

Members of the board of directors of the A. and M. College on yesterday morning advised the committee of the alumni and ex-students of the A. and M. College, who presented charges against President Harrington, and asked for an investigation, that the board would at 2:30 o'clock yesterday afternoon enter into an open investigation of the present condition at the A. and M. College in all its phases, and that the investigation will continue for such time and at such times as may be necessary; and that at its conclusion the board will render decisions as they deem just. The scope given the investigation indicates that considerable time will be required for its completion.

President Harrington gave to representatives of the press the day before the action of the board, a statement declaring the charges unproven and untrue and stating that if the board failed to order the investigation as asked by the committee, that he would himself demand it of the board.

ALUMNI AND EX-STUDENTS.

Another Meeting Held Yesterday and Committee Given Authority to Represent Body—Law, Watkins and Howell Added.

The alumni and ex-students of the A. and M. College held another meeting yesterday morning, and the committee, of which Mr. James Cravens is chairman, was given full authority to act for the body in the matter of the investigation granted by the board. On motion, F. M. Law, the retiring president; Russell Watkins, the president-elect, and J. Webb Howell of Bryan, were added to the committee. The body raised nearly a thousand dollars at the meeting the day previous to defray expenses.

A new regulation has been adopted by the organization admitting to membership all who have been students of the College for as much as a year in good standing. Under this ruling, about fifty names were proposed, and the parties elected to membership at the meeting held yesterday.

INVESTIGATION BEGUN.

Realized From Texas Onion Crop are now Hearing Witnesses—Adjourned Until this Morning.

Pursuant to appointment the board began the open investigation of the charges against President Harrington and the conditions prevailing at College yesterday afternoon. Dr. Harrington was present; also representatives of the alumni and ex-students committee. The latter are represented by Mr. Hatton W. Summers, the well known Dallas attorney. Judge Chas. Rogan stated that he appeared not as an attorney retained in the case, but as the friend of President Harrington.

The thirteenth or final charge relating to the alleged unfitness, recited in detail, of President Harrington for the position he holds, made upon the responsibility of the committee representing the alumni and ex-students, was the first charge taken up, and Mr. Burmeister, a student parent, was the first witness called. Before his examination was concluded the board adjourned until 8 o'clock this morning.

Members of the board informed The Eagle yesterday evening that no action has been taken by the board with reference to the demands made upon the board by parents of students, following their meetings here and at College on Monday.

WON HOWELL FLAG.

Capt. Tom Adams and members of Company D of the A. and M. corps of cadets are receiving congratulations from friends on account of having been judged the best drilled company in the competition for the Howell flag yesterday afternoon. D company has won the flag for the third successive year.

K. K. FAREWELL DANCE.

Monday night witnessed a brilliant farewell dance by the K. K. Club of the A. and M. College at the Bryan rink. Mr. Tom Adams, the club president, led the grand march, with Miss Hettie Smith. There was a merry party of young people present, delightful music was provided, while electric fans kept the room cool, and engagements were registered on pretty booklet programs. Punch was served.

FINAL BALL.

The most brilliant social event of all the College year—the final ball—was held at the mess hall last night and attracted an immense crowd. Chas. Homeyer and Miss Adelle Knittel of Brenham led the beautiful grand march. The great mess hall was elaborately decorated and probably one hundred and fifty couples took part in the dances, while spectators thronged the hall.

PREPARING FOR CONVENTION.

San Antonio Raising Funds to Take Care of Democrats in August.

San Antonio, Texas, June 8.—San Antonio is preparing to entertain the Democratic State Nominating convention in this city August 11, 12 and 13. The business men have subscribed \$2500 for a fund for this purpose. Of this amount, however, \$1500 was demanded by the State Democratic Executive committee for necessary campaign expenses. The committee claims that, inasmuch as the city holding the convention profits by it, it should contribute to the campaign expenses. The convention will be especially interesting this year owing to the effort that will probably be made to force the prohibition issue to the front. It is thought three or four thousand people will be in attendance.

FAMILY REUNION.

Members of the family of the late Mr. H. H. Edge, including brothers and sisters, some being accompanied by their families, met in this city Monday and enjoyed a family reunion at the beautiful home of Mr. and Mrs. J. L. Edge. Edge, M. S. Edge and family, W. H. Edge of Reed, Oklahoma; J. H. Edge of Teague, Mr. and Mrs. C. H. Holmes, George Edge and family and A. D. Edge of Tyler, Mrs. J. C. COTTON CROP OUTLOOK.

The New Orleans Times-Democrat published Monday its first report of cotton crop conditions covering all the cotton states and occupying 2½ pages of fine print. Its summary is as follows:

1. The acreage is practically unchanged, as compared with last year. The change, if any, has been in the direction of a trifling increase.
2. The stands have been impaired and cultivation has been retarded by excessive rainfall over wide areas of the Belt.
3. The supply of labor is, as a rule, better than it has been within the recent past.
4. Complaints of boll weevil come from certain districts to the westward of the Mississippi.
5. The outlook, taken as a whole, depends upon the character of the season from this time forth and the date of frost will cut a great figure.
6. A good deal of alluvial land has been overflowed and the result of replanting is to the last degree problematical.

OVER A MILLION.

Realized from Texas Onion Crop—Have Gone Bermuda Islands One Better.

San Antonio, Texas, June 9.—Texas onion growers have gone the men of the Bermuda Islands one better and have produced a Texas Bermuda onion superior in flavor and hardness to the Bermuda Islands onions. Last summer the agent of the Texas Onion Growers visited the Bermuda Islands and the Canary Islands and secured a big shipment of seed. These seed have produced this year's onion crop in Texas of a greater size and of a fine quality.

Whereas, it was formerly estimated that the Bermuda growers shipped a million crates of onions to this country annually, it is now estimated that their shipment this year amounted to but 380,000 crates. Some 750 carloads of onions have been shipped out of Southwest Texas already and the movement is not yet over. It is estimated that over a thousand carloads will be shipped. These have brought prices at first as high as six and seven hundred dollars a carload before the competition of other onions came in but now are bringing from four to \$500 a carload.

The gross returns of the onion crop in this part of Texas will be over a million dollars this year; this does not include the amount sold and consumed at home. A few days ago a whole shipload of onions left Galveston for Atlantic Coast ports. At the present rate that the growers are prospering, Texas in a few years will have a class of onion millionaires.

Tangier, Morocco, June 9.—According to couriers who reached this city Mulai Hafid, the insurgent sultan, with his entire army of 12,000, is on his way to Fez. GOTHAM'S DELEGATION.

One Thousand New Yorkers to Be at Chicago Saturday.

Chicago, June 9.—Indications that the advance guard of the big crowd which will be here for the Republican convention next week will soon be on the ground, became manifest early Tuesday. The New York men, 1,000 strong, will arrive Saturday, they having telegraphed to this effect. They have been assigned 200 rooms in the Auditorium hotel. The next largest delegation will come from Pennsylvania. Its members are expected Saturday night and most of the Illinois party will also be here by that time.

The big marching clubs that are to participate in the demonstration at the convention hall Wednesday morning of next week have been assigned quarters in the Great Northern hotel. Most of the marchers will be here Saturday. Their part in the convention is expected to be one of the most spectacular features of the gathering.

The committee in charge of arrangements for the meeting announced the musical programme. There will be no dearth of harmony, as exemplified by brass instruments, and in addition vocal selections of a nature calculated to enthrall the delegates will be given. The first day of the convention a concert of patriotic melodies will precede the formal calling to order. "Rag time" will be the chief feature of the second day, and grand opera selections will usher in the third day, when it is expected the presidential nominee will be named. The vice president probably will not be named until Friday. The nature of the music for that occasion has not been decided.

Farmers Hard at Work.

Bonham, Tex., June 9.—The last six days have been clear and the farmers have made great progress in their crops, killing weeds and grass. Tuesday there was rain, but many farmers have their wheat and oats cut and are well up with crops.

Fort Worth, June 9.—John Jones, aged forty, was found dead at his home in Riverside with the top of his head blown off. A gun was discovered near the body. He leaves five children. The deed is attributed to despondency.
